

Covid Guidelines Updated October 2023

As CDC and local school guidelines change we have adapted our guidelines as well. First of all, THANK YOU all for being so diligent with our covid guidelines thus far! It is a testament to all of your due diligence that have been able to run in person classes smoothly and without any outbreaks. Looking forward to another successful, healthy year of Irish dance with everyone! Please refer to the below modified covid guidelines:

- 1) If your dancer exhibits any symptoms please take a covid test before coming to class. I know the common cold, flu, and other illnesses are still going around that we also don't want to spread so please stay home if you are very sick but if you have a mild cold and are sure it isn't Covid-19, feel free to proceed with caution - maybe mask up and use tons of sanitizer etc - use your best judgement as it is competition season and we don't want anyone to get sick whether they compete or not!
- 2) If you/your dancer has a known 'long contact' exposure to someone with Covid-19 but is exhibiting zero symptoms and testing negative please send them to class with a mask on, if at all possible, until a full 5 days have elapsed from the exposure.
- 3) If you/your dancer is living with someone who has come down with Covid-19 please remain home from classes until the infected person has gone past 5 days (and is getting better), and your dancer is still testing negative without symptoms. Please also wear a mask, if at all possible, for any dance classes attended within the 5 days after that.

If your dancer has to stay home for any of the above reasons: You are always able to make up any missed classes within a month of the missed class. For example if you miss a class on September 23rd you have until October 23rd to make up that missed class. To make up classes please refer to the below guidelines and feel free to email Meghan with any questions!

Your Class Level --> Appropriate Make Up Class Level

Intro Class --> Intro Class

Beginner Class --> Beginner Class

Intermediate Class --> Intermediate Class
Prizewinner Class --> Intermediate or Advanced Class
Advanced Class --> Prizewinner or Championship Class
Championship Class --> Advanced Class
Adult Class --> Ceili/Performance Class

Thank you ALL for helping keep the Brennan-Lucey Academy healthy through all of this! Together we can keep us all healthy!
